

ESA Perspective on WS2000

Dirk Hazell, Chief Executive

ESA

General Election 2005 pledge card

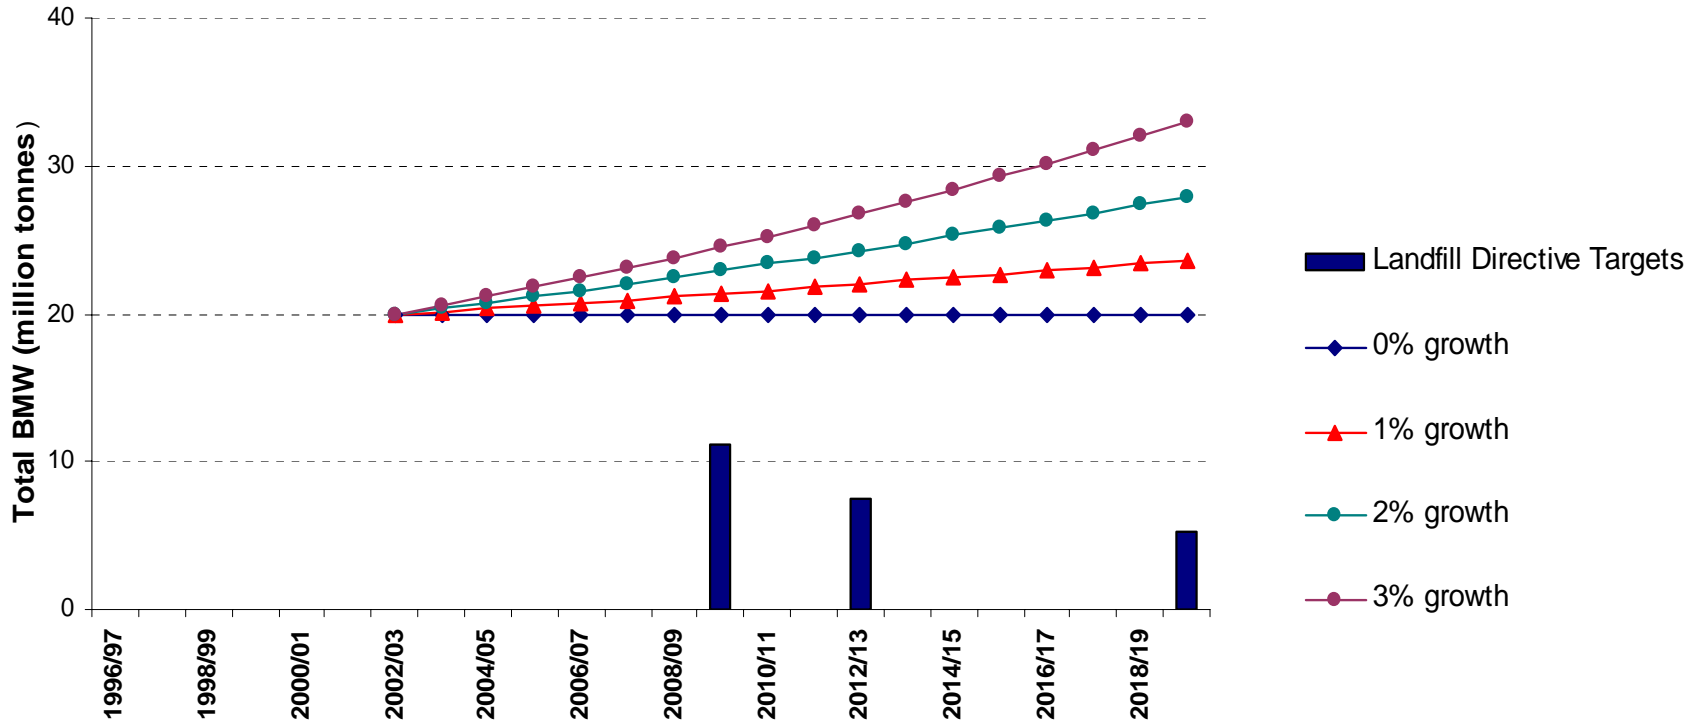

ENVIRONMENTAL SERVICES ASSOCIATION

will support

compliance with 2010 diversion targets and other EU law
modernised planning regime to deliver new infrastructure
modernised environmental regulation to align economic and
environmental sustainability
proper funding of municipal waste

Compliance with 2010 Diversion Targets

ACHIEVING SUSTAINABILITY ACROSS THE UK

	LFD Targets (m tonnes)	BMW to be diverted if 0% growth in BMW (m tonnes)	BMW to be diverted if 1% growth in BMW (m tonnes)	BMW to be diverted if 2% growth in BMW (m tonnes)	BMW to be diverted if 3% growth in BMW (m tonnes)
2010	11.2	8.73	10.17	11.69	13.31
2013	7.46	12.47	14.56	16.83	19.32
2020	5.22	14.71	18.38	22.69	27.72

Municipal Waste Management: Average Annual Household Cost

UK		€ 98
Netherlands		€ 218
North Rhine Westphalia, Germany (urban)		€ 248

The Green Rule

“new environmental compliance costs imposed by government on business are at least offset by reductions of other costs imposed by government on business”

The Efficiency of Market Instruments: UK and German packaging regimes compared

	Cost	Recovery
UK	€365 m (1998-2002)	50%
Germany	€2,000 m (1999)	80%
